

Search continues for missing Bay St. Louis girl

Police suspect the possibility of abduction in the Monday morning disappearance of a 15-year-old Bay St. Louis girl.

By press time last night police were still searching unsuccessfully for clues to the whereabouts of Mary Ann Favre, daughter of Mr. and Mrs. Leonard Favre, Jr. of Boardman St., Bay St. Louis.

An all points bulletin has been issued by Hancock County Sheriff Sylyan Ladner and the Federal Bureau of Investigation has been called into the investigation.

From information gathered over an

intensive three-day search, local authorities fear the girl may have been kidnapped.

Mrs. Favre, told the sheriff that her daughter left home shortly before 8 a.m. Monday to take her little sister to North Bay Elementary School.

About 8:30 Mary Ann purchased a soft drink from the Yankee Doodle grocery store on Dunbar Ave., a few blocks from her home. Later, the girl's bicycle and the soft drink bottle were found lying in weeds at the corner of Boardman and Dunbar.

When she failed to return home by midmorning, the girl's mother became

worried and later in the day, appealed to Sheriff Ladner for help.

An afternoon rainfall which obliterated tracks and scents hampered the effectiveness of a K-9 tracking dog, owned by Highway Patrolman Clyde Hester, who was called into the search by the sheriff. Bay police and county constables assisted by neighbors combed a wooded area near the spot where the girl's bike was found, to no avail.

Highway Patrol investigator Travis Lott and the Federal Bureau of Investigation have entered the case on the possibility of a violation of federal laws.

By Tuesday, statements from several sources of a young black male seen with a 1962-65 Chevrolet car parked on Dunbar near where the bicycle was found led to the possibility of a kidnapping.

Questioning several adults and two school children, all of whom said they had seen the man and car, Sheriff Ladner said Tuesday reports substantiated the allegation. The man was described by each eyewitness as being of medium height and build, 20 to 22 years old and the car a light green color with three tail lights on each fender.

The car was parked on an intersecting street with the trunk open, witnesses said.

Wednesday sheriff's deputies began a house to house canvass of the neighborhood seeking additional clues to the girl's mysterious disappearance.

The girl's father is employed by a contracting firm in Gulfport and the family has three other children.

Mary Ann is described as five feet five inches tall and weighs about 90 to 100 pounds. She has dark eyes and long, dark brown hair. She was wearing grey pants and a purple shirt with a white overblouse and was barefoot.

Promise to 'pull out the stops' bears fruit for Coast fishermen

Governor William Waller's promise to Gulf Coast fishermen "to pull out all the stops" to secure immediate assistance began to bear fruit early this week.

A contingent of Hancock county commercial fishermen, accompanied by county supervisor James Travira, drove to Jackson last Wednesday to meet with the Governor. During the almost three hour meeting, Waller called a host of state and federal agency officials pressing for immediate action to classify the Coast fishermen in a disaster situation so they may be eligible for the same benefits that farmers are now receiving.

C. David Veal, an official with the Mississippi Sea Grant Advisory Service, described past unsuccessful attempts by the local group to obtain help from the federal level and, with Travira, outlined the top priority needs of those in the seafood industry.

Waller, who had sent a letter of appeal to President Nixon last week, told the group Wednesday that he was "going to talk to Senators James Eastland and John Stennis" and invoke their efforts at the Congressional level.

In rapid succession Waller called the National Marine Fisheries Dept. in St. Petersburg, Fla.; the Dept. of Public Welfare to arrange special handling of food stamp allocations and welfare payments, the Dept. of Labor; and called into his office William Barnett with the state Agricultural and Industrial Board.

To each official Gov. Waller explained that the coast fishermen needed retroactive unemployment benefits as well as availability of low interest loans to get what he termed "a grubstake to start the season."

On the matter of a reduction in diesel fuel prices Waller said he felt there was no possibility of a price drop and no area of control over the situation at present.

In a discussion of long range plans for insulation against future disasters Waller outlined special classifications for loans and grants and said he would try to set up an office on the Gulf Coast to coordinate loan programs with local

bankers.

Tuesday a representative of the governor's office said Waller had met with representatives of the Gulf Coast Research Laboratory, the Marine Resources Council and the State Marine Conservation Commission, the U. S. Bureau of Fisheries, Dept. of Civil Defense and other state and federal agencies to spur the consolidation of relief efforts and future planning.

Paul Robinson, manager of the Small Business Assistance Dept. of the A & I Board, was in Biloxi Monday on a fact finding trip and said that he will return to Jackson to confer with the Governor and other staff members of the A&I Board on the situation. Main target of his efforts will be money lending institutions, Robinson said.

Also on Monday, Travira talked to Sen. Eastland's office about food stamps, emergency loans and unemployment insurance to the fishermen.

Wednesday a member of the Hancock county fishermen's group told the Echo that authorization to receive food stamps and unemployment compensation had already been granted to some of those who had applied.

The Coast contingent meeting with Gov. Waller last Wednesday included besides Travira and Veal, Miss Barbara Rappold, Waveland City Clerk, Mr. and Mrs. Thomas Holzhauser, Waveland fishermen, Mrs. Joyce Garcia, secretary to the board of supervisors and wife of a fisherman and a Waveland newsman.

Affairs of state

...were not the major topic for conversation when close to 50 state legislators met in Hancock county last weekend as guests of Rep. Earl E. "Buck" Ladner, right. Discussing Hancock county during a seafood dinner at Jordan River Shores club are from left, county supervisor James Travira, Rep. James Simpson from Gulfport and Speaker of the House pro-tempore Buddy Newman.

Organization sets public meeting

The diamondhead Citizens for Better Government have announced an open meeting tonight at 7:30 p.m. in the Diamondhead sales lodge.

Principal speakers for the newly formed organization will be Hancock County Chancery Clerk John Rutherford and county tax assessor-collector George Heitzmann.

All residents of the county in the Diamondhead proximity are urged to attend the meeting, a spokesman for the group said as topics of vital interest to tax payers and county residents will be explored.

Bay school board, parents approach a reconciliation

A meeting between "concerned taxpayers of Bay St. Louis and Waveland" and members of the Bay-Waveland School Board ended on an uncertain note Tuesday night.

The meeting which drew in excess of

100 persons, mostly parents of children in the school system, was solicited by Dave Johnson, designated spokesman of the group to request answers to what were termed pertinent questions concerning the School Administration.

In addition to questions from the audience Tuesday night, board members returned a mimeographed statement answering questions that were presented earlier to the board April 4.

The statement added that recommendations made by the citizen group were still under consideration and that feasible suggestions would be implemented in the near future.

The most controversial issues raised during the two hour meeting revolved around the figure of city school superintendent J.D. McCullough who has been the target the past several weeks of heavy criticisms.

Among accusations made against McCullough Tuesday night were charges that his wife was listed as a librarian in the school system, yet did not have a Class A teaching certificate; that McCullough had threatened teachers with dismissal for going to school board members with problems; that the superintendent had had dirt removed from the school athletic field and placed in his own front yard; and that McCullough had displayed antagonism toward citizen interest in school affairs.

Assistant school superintendent Donald Caldwell said that Mrs. McCullough was a teacher aide and that state law did not even require a librarian for the elementary level, and McCullough denied charges that he had ever had any dirt removed from the school and put on his own property.

Parents press for learning disability class at Pass schools

The board of trustees of the Pass Christian Municipal Separate School District met in regular session on Thursday, April 11.

Mrs. George Krug and Mrs. Ashley Sauters appeared before the board on behalf of their children and all other children in the school district suffering from learning disabilities. Mrs. Krug informed the board that she had circulated a petition throughout the area in an effort to get those parents of children with learning disabilities to sign the petition requesting the Board to initiate classes in learning disability in the school district. She indicated she had been successful in securing four signatures.

Superintendent Leroy Lizana, speaking on behalf of the administration and the board, informed Mrs. Krug and Mrs. Sauters that steps have been taken by the school district to initiate learning disability classes in the school district beginning the 1974-75 school term. He informed the parents that the district's plans included submitting an application to the State

Department of Education for Title VI B and Minimum Program funds in the amount of \$28,800 for three special learning disability classes.

School Board president Bidwell Barnes thanked the parents and requested that they continue to show similar interest in all aspects of the schools' operations.

The district attendance report for the month of March showed an enrollment of 1,578 students and an A.D.A. of 1,477.60.

Acting upon recommendation of Superintendent Lizana the Board authorized the school administration to begin advertising for bids for:

—a 20-quart mixer and a two door refrigerator for the schools cafeteria program.

supplies and equipment for the 1974-75 school year.

The School Board approved the following personnel for employment: Mrs. Etta Humphreys as a part-time secretary in the district cafeteria program; Mrs. Julie McDaniel for re-employment for the 1974-75 school year as a fourth teacher in the Pass Christian Middle School substituting for a teacher who had completed the training school field during the month of March.

In closing, the Board thanked the

Vandals hit Bay High

Vandals broke seven windows at the Bay Senior High School sometime Saturday night causing approximately \$400 to \$500 damage.

Constable Willie Carbonette said that the damage was done by

suspects. Persons who had been in the school building at the time of the vandalism were not identified. Carbonette said that the damage was increased at the school.

Help, no brakes!

Customers of Asher's General Store on Hwy. 90 in Waveland normally use the front door to enter the building, but then not all have brake problems like Mrs. Laverne Lee experienced Monday morning. Mrs. Lee, who said her auto brakes failed, crashed through the window of the store approximately 10:30 a.m. No injuries were reported. Store owner Albert Asher said the crash "sounded like an explosion" and estimated damage at approximately \$250.

Dr. Shafer is appointed principal of Pass School

The Pass Christian school board has announced the appointment of Dr. Carlie Shafer as Principal of the Pass Christian Elementary School. Dr. Shafer will replace J. C. McGuire who has resigned to accept a similar position with the Harrison County School System.

Dr. Shafer, born in Carriere, Mississippi, currently resides in Long Beach with her husband Dr. Paul Shafer and two of their three children. At home are Deborah Ray and Melissa Lynne. A third child Ronald Lee is currently on active duty with the United States Military in Germany.

Superintendent Lizana and the school board stated they are pleased to have a person

with the educational background and credentials of Dr. Shafer as a member of the system's administration.

She received her high school training in Gulfport. She was graduated from Gulfport High School in 1952. She received her B.S. Degree with honors from the University of Southern Mississippi in June 1968. Her undergraduate major was Elementary Education. Dr. Shafer earned a M. Ed. Degree from the University of Southern Mississippi in 1970. In 1971 Dr. Shafer was awarded an Ed.D. Degree in Educational Administration and Supervision from the University of Southern Mississippi.

Dr. Shafer served as a

Social Studies, English and Civics teacher in the Long Beach City Schools from 1967-68. She left the Long Beach system to accept a position as assistant professor of Education and Psychology at Alabama State University in Montgomery, Alabama. While on the staff at Alabama State, Dr. Shafer taught Educational Psychology and Reading on the graduate level.

She worked to establish a reading laboratory on the graduate and undergraduate level at the university and eventually became director of the reading center.

Dr. Shafer will assume her duties in the Pass Christian School District on August 1.

Teachers to tour Gulf Coast

Forty-five reading teachers, who will be attending the International Reading Association Convention in New Orleans, will tour the Gulf Coast Monday. These teachers represent 13 states and two provinces of Canada.

St. Stanislaus will be the first stop on the tour where the group will visit the classrooms and campus. Parents of the students will treat them to a picnic lunch on the front lawn.

In Pass Christian the conventioners will visit the yacht

club and stop to view some of the beautiful homes featured in the annual pilgrimage sponsored by the Mississippi Gulf Coast Council of Garden Clubs.

Captain Gino Scialdone of the Standard Fruit Company will host the group for a tour of the banana port in Gulfport.

One of the highlights of the Coast tour will be a visit to Beauvoir, the historic last home of Jefferson Davis. Before returning to New Orleans the teachers will stop off at the Broadwater Beach Marina for gumbo.

Brother Canisius Schell, a faculty member at St. Stanislaus, organized the tour for the national convention and serve as the tour guide for the day.

Public health position open

A competitive examination is being announced by the Mississippi State Board of Health Merit System for probational appointment to a vacancy in the District 10-B Family Planning Office in Gulfport in the classification of Public Health Advisor. The examination will be given at Gulfport.

Applicants for this position must be graduates of a four year college or university and be able to travel over the district which includes Pearl River, Stone, George, Hancock, Harrison and Jackson counties. The monthly salary range for the position is \$624-\$878 with appointment made at the minimum of the range.

Interested applicants may secure application blanks at the County Health Department, or by writing the Mississippi State Board of Health Merit System at Box 1700, Jackson, Mississippi 39205. Continuous examinations are given by the Merit System, but applications for this particular examination must be received by May 10, 1974.

Regular salary advancements for satisfactory service are provided for employees of the Health Department, as well as vacation, sick leave and retirement benefits.

Today's Child is theme

Teachers and pre-school workers in the Bay St. Louis area interested in attending the sixth annual Pre-School Workshop at Mississippi College this summer should write the college for preregistration forms now.

Dr. Frances McGuffee, professor of home economics and director of the Workshop, said this year's theme will be "Today's Child."

The Workshop dates will be June 10-14 and participants may receive one and one-half semester hours of academic credit, graduate or undergraduate, on successful completion.

All participants desiring college credit must be officially admitted or readmitted to Mississippi College prior to June 10. Those desiring undergraduate credit should write the Director of Admissions, P. O. Box 4203, while those desiring graduate credit should write the Dean of the Graduate School, P. O. Box 4185.

Participants who wish to live on campus for the week-long Workshop will be housed in air-conditioned residence halls. Meals can be taken in the college cafeteria.

Individuals desiring additional information or registration forms should write to Frances

Secretary of year is selected

Mrs. Virginia Wilson, secretary to Donald E. Smith, comptroller, Singing River Properties, Inc., Ocean Springs, was announced the 1974 Secretary of the Year for the Mississippi Gulf Coast Chapter, National Secretaries Association, during a breakfast at the Downtown Motor Inn, Gulfport.

Mrs. Trudy Cessna, 1973 Secretary of the Year and Chairman of Secretaries Week, 1974, placed the SOTY tiara upon Mrs. Wilson's head and presented her with a dozen red roses and an engraved charm, mementoes from the chapter members.

The event opened observance of National Secretaries Week, April 21-27. Better Secretaries Mean Better Business is the theme for the nationwide observance.

Mrs. Gloria Perkins, Service Advisor for South Central Bell Telephone Company, guest speaker for the occasion, presented a program on good telephone usage.

Big mouth bass

Mississippi Game and Fish Warden C.J. Cameron added approximately 25,000 wide mouth bass to waters of Bayou LaCrosse recently after a request from Hancock County Supervisors and Chancery Court Clerk John Rutherford to stock the waters around the county. Cameron, who let the fish into the upper part of the bayou near the county's sanitary land fill, said approximately 40 percent would survive.

The Gulf Coast Art Association is assisting in reaching interested Gulf Coast artists through the news media.

All smiles

Pearl River Junior College's student newspaper, The Dixie Drawl, has been judged the best junior college newspaper in the state at the Mississippi Junior College Press Association's Spring Convention held on the Gulf Coast April 18-20, at the Buena Vista Hotel. The staff picked up six individual awards at the convention in news writing, sports writing, editorial writing, editorial cartooning, photography, and overall make-up. A trophy was awarded to the Drawl for their first place finish in general excellence. Seated are Mitch Deaver, sports editor, and Frances Pigott, design editor. Standing from left to right are W.C. Andrews, first semester news editor, who is now in the Student Primiz staff at the University of Southern Mississippi; Randy Rester, photographer; Rosemary Bilbe, typographer; Larry L. Stanford, Drawl advisor and state advisor for the Press Association; Gina Piazza, typographer; Judy Dahn, staff writer; Tim McRee, business manager; and Bill McKie, Jr., news editor. Rester was elected as southern vice-president, while McRee was elected state treasurer for the Association.

Dixie Drawl is judged best Jr. College newspaper

The Dixie Drawl, Pearl River Junior College's student newspaper, has been judged the best junior college newspaper in the state for 1974.

In addition to winning the overall title for general excellence, the Drawl staff netted six individual awards and two state officers for the coming year.

Those receiving individual awards were: Mitch Deaver, second place in sportswriting and second in editorial cartoons; Bill McKie, Jr., second in news writing; Randy Rester, first in photography; and the editors were awarded first in makeup and second in editorials. Randy Rester was elected to serve as southern Vice-President for

the association, and Tim McRee was picked as state Treasurer.

The honors were given out at the annual spring convention of the Miss. Junior College Press Association, which was held at the Buena Vista Hotel in Biloxi on April 18-20.

It marked the first time in history that Pearl River's newspaper has ever finished first, and it ended a four year reign by The Ranger Rocket of Northwest Junior College, Gulf Coast Junior College's entry. The Bulldog, placed third.

All papers were judged on news values and sources, news writing and editing, editorials and entertaining

matter and headlines and makeup. Judging was done by the Louisiana State University Department of Journalism under the direction of Dr. A. O. Goldsmith.

The Dixie Drawl is the only full size junior college publication, as all others employ a tabloid format. "This full size, along with innovative artwork and the use of gray and color screens, gives the paper a modern, professional appearance," Larry L. Stanford, Drawl advisor said.

Stanford added he thought the implementation of the Board of Editor concept, instead of only a managing editor, gave the paper a more business like operation and provided the staff with leadership in three different areas. The 1973-74 editors were Mitch Deaver, sports, Frances Pigott, design, and Bill McKie, Jr., news.

In the last three years the Dixie Drawl has won 17 awards and has provided the association with six officers.

Bay Rotarians to attend district conference

Four members of the Bay St. Louis Rotary International Club will attend the Annual District 684 Conference April 25-27 in Hattiesburg.

Movie on troubled youth is available

John Chevis, Hancock County Youth Court Counselor, has announced that he has available, through the courtesy of the Harrison County Family Court, the movie "Children in Trouble—A National Scandal" for any civic organization wishing to show it.

The movie is approximately one hour long and deals with the problem of juvenile delinquency and the juvenile court system.

Anyone wishing to show this movie at a meeting should contact Mr. Chevis at 467-7945, in the Hancock County Youth Detention Center.

Those attending will be Fred Fisher, president; Richard Thomas, president-elect; Nicholas Haas, vice president-elect; and Adolph Uram, secretary.

District 684 includes 38 Rotary Clubs in South Mississippi and Southeast Louisiana.

Hayes Branscome, Grenada, past governor of Rotary District 680, will represent Rotary International president William C. Carter at the conference and will speak Friday and Saturday.

Other speakers include Frank Robison, Montgomery, Ala., governor of Rotary District 688; Edwin Brasher, Houston, Texas, past Rotary International vice president; and Dr. Gerald Fisher, president of Garland County Community College, Hot Springs, Ark., who will address the Saturday night awards banquet.

The conference will be conducted by C.H. Brumfield of Amite, La.

A golf tournament will be held Thursday for early arrivals as well as events Friday and Saturday for Rotary men and children.

Headquarters for the conference will be the Holiday Inn North in Hattiesburg. Host clubs are Hattiesburg, Petal, and Richton, Miss.

keeping you in touch

Your telephone runs on regular fingers and it can really help you economize on both fuel and time if you know how to put it to work for you. For example: Call ahead. With the gasoline situation being what it is, make every trip in the car count, whether it's for business or pleasure. If you're thinking about going to visit friends, call them first to make sure they'll be there. If you're planning an out-of-town vacation, make your reservations by phone ahead of time.

Confirm business appointments. Even though a lot of business can be transacted efficiently and economically by phone without ever leaving your office, there are situations where a personal visit becomes essential, either for getting new business or for properly looking after existing customers. Before you make that personal contact, first arrange your appointment by phone. It's smart business courtesy that can pay off in more ways than one.

Check the Yellow Pages first. Before you go shopping, do you ask yourself: Am I sure I know where to go to get what I want? Are they open now? Is there a store closer that has what I need? Will it have what I want when I get there? If you're in doubt about the answers to any of these questions, look in your Yellow Pages. Many advertisers include some of this information in their ads. If not, one or two quick phone calls will tell you what you need to know. You can save a lot of unnecessary driving around if you get in the know before you go.

Here's one final tip for vacationers. To aid travelers, the Mississippi A & I Board provides a telephone "energy line" 24 hours a day, seven days a week. At no charge to them, callers can get current information on the gasoline situation, stations open and where to get road service, even on Sundays and holidays. The number to call is: 1-800-222-0040.

COLLING'S CORNER

BY E. S. Colling

Nowadays we are inclined to think of the early settlers of territorial Mississippi as turbulent, uncouth and violent men continuously engaged in brawling and lawlessness. But according to historian Robert Haynes, "The violence . . . would hardly surpass the general level of lawlessness which prevailed in the cities of New York and Philadelphia of that day".

Natchez-under-the Hill and the Natchez Trace have come down to us as the chief offenders against law and order in those times, but novelists "have killed almost as many men on the old Natchez Trace as ever traveled its dusty trails" and the immorality of the riverfront came after the frontier days had already passed. Times were turbulent, it is true, and many men and women were robbed and murdered on the Trace and every kind of vice and violence was common "under the Hill". But if you pick up tomorrow's New Orleans newspaper you're not likely to find it devoted to Scripture-stories (though what could be bloodier than some of the doings described in the Old Testament!).

Also it must be remembered that the two principal "settlements in the Territory, Natchez and the Tombigbee, were almost surrounded by a wilderness peopled by savage Indian tribes which offered a haven for the worst type of refugees from the law. Therefore the utmost credit must be given to the enforcers of order, par-

ticularly the judges who, with their families, were faced with reprisals by the miscreants and only too often by criticism by those who demanded more stringent punishment of the evil-doers. Capital punishment was the penalty for murder, rape, stealing a slave, robbery, burglary and counterfeiting, and for lesser offenses every town had its courthouse, jail, pillory, whipping posts and stocks, which the citizens willingly provided through taxes.

Laws were passed against working, hunting, fiddling, bear-baiting and playing church-penny on the Sabbath, and while these Puritanical regulations were not often enforced they were a symbol of the citizens' desire to appear civilized, at least, and there were frequent trials of men accused of gambling and duelling.

An outstanding jurist of the time was Harry Toulmin, appointed by President Jefferson as territorial judge in the Tombigbee district. He proved to be a tower of strength for law-enforcement in this turbulent country. He presided at the trials of two vicious Trace bandits, James Mason and John Sutton, who were publicly hanged for their crimes, and later at the trial of Aaron Burr, who was acquitted of treason despite the clamor of a prejudiced mob for his conviction.

So all in all, blind Justice fared about as well in those early days as she does now. One thing is clear, however: morality hasn't improved much in the past hundred and seventy years!

LETTERS, WE GOT LETTERS . . .

From time to time on my weekly radio program, I ask one of my staff members to read some of the letters from constituents of the Fifth Congressional District.

I want to do that this week in my newspaper column, just to give you an idea of the variety of mail that crosses a Congressman's desk. Rummaging through the mail bag last week, for example, we found such letters and responses as:

"Dear Congressman Lott:

"I noted in the news a few weeks ago that the United States has been discussing the possibility of returning control of the Panama Canal Zone to the people of Panama. I am appalled at the very idea.

"Mr. Lott . . . please work with all the legal and moral means in your power to help see that this does not happen. It is a very serious matter and vitally concerns the welfare and sovereignty of our nation."

My reply, in part:

"I am firmly opposed to terminating U. S. ownership and control over the Canal. The United States has made a total investment in the Canal Zone of well over \$5 billion because it is vital to the security and economy of this Nation.

"I have joined in sponsoring legislation to uphold our sovereignty and you may rest assured that I shall continue to oppose negotiations between officials of our State Department and the Republic of Panama and work against any legislative efforts to modify the treaties affecting our control of the Canal."

Another typical letter, particularly during tax season, from a church minister:

Dear Editor:

It is hard to measure the support that has been rendered to us by The Sea Coast Echo in all our endeavors this past year. Many column inches and pictures tell only half the story of your establishment's part in promoting our projects.

We especially want to express our sincere appreciation to Adoree Shortle who gave immeasurable support to us in all our efforts, especially her hours of work on and off duty in assisting in the promotion of the New Orleans Philharmonic-Symphony Orchestra performances.

Realizing that this support represents a tremendous portion of contributing factors toward the success of our endeavors, as well as all other community functions, we would like to use this means to tell all of you at the Echo that all of your efforts are genuinely appreciated!

Editor: Sir:

First of all let me say I enjoy the paper. Your paper, that is. It may not be possible to publish this below but someone should take the other side. It's a shame a good reporter can't find time to go into all aspects of this and root it out. To me it stinks. Could you inform all the ones that ran the ad and those that take time to read and think of one man's thoughts.

"Loose talk" seems an insult towards anyone that speaks out against a county building code.

"Get the facts about the County building code" From whom? Not the Soup-per-visors for sure. Not ALL the facts. All the facts are not listed in the ad. THINK. Who gains most. Insurance companies.

"Will be closely eyed" Ha-Another people controlled minor office that will turn into multi-armed grabber. More jobs created for kin and friend.

"Discriminatory" You bet. For you have to pay taxes for other's insurance; how about any type of home insurance.

"VOTE NO" vote no for this; vote no next election for the supervisor that pushes same.

By the way, How much did this ad in two papers cost the tax payers with only one side explained. Big deal down your pocketbook. Why didn't they get the work last time you said NO.

To Concerned Taxpayers in Bay-Waveland area:

In the February 22, 1973 issue of this paper you read my letter to you concerning the Bay Waveland School System.

In that letter I attempted to reveal that our school's progress has been stymied by the present administrator. At that time I seemed to be alone in my cry. Further I stated that our apathy has kept us silent. Some of us have been shaken out of that apathy by recent events and have shown our interest by attendance at school board meetings.

Let us keep this interest alive. Let us not be lulled back into silence. The School Board was kind enough to grant the teachers a hearing, but are the teachers free from coercion? It becomes our responsibility as taxpayers to convince the School Board of

this reluctance on the part of our teachers. The School Board members are the representatives of the people and in assuming this obligation they are our "voice".

Won't you help us to get our questions about our schools answered and thereby help the Board to hear the voice of the people loud and clear? By attending these meetings consistently you can become better informed about your schools. Your community's school children need you NOW!

Dear Editor:

Residents of Hancock county did you see the large ad our board of supervisors put in last weeks paper?

It goes to show what kind of men we have running our county for us. In their great big ad they stated and I quote, "You can lose your Federal Flood Insurance if the building code is not passed." We are sick and tired of the federal government telling us that if we don't do this or don't do that, they will not give us federal aid. The Arabs did the same thing with their oil, and the federal government and the public did not like that situation. So why should the public like this situation? If it means the difference between a building code and flood insurance, I for one do not want a building code and I will vote against it.

If the board of supervisors and the planning commission would get together with state officials and federal officials and do something about our streets, drainage sewers, water mains for fire hydrants, street lights, gas lines, lower electric rates, then we will all vote for a building code. Building codes are good for cities, not unincorporated areas. Why are the supervisors pressing so much for a county building code?

The cities of Bay St. Louis and Waveland have a building code. They also have all the utilities, drainage, good streets, street lights, and low electric rates. They are also getting most of the money from taxes to maintain their streets and etc. that come into the county. We sure haven't seen it in Shoreline Park or for that matter any other Park that is in the county.

The third paragraph of the big ad says and I quote, "Can you do your own work?" A big "Yes". Then why is a permit necessary? You also stated and I quote, "No contractors, architect or engineers have to be hired by you." This is some hogwash! What about electric contractors and plumbing contractors that come in the neat little package with the building code which you failed to mention in your big ad? Citizens, if the building code is passed, then you can be assured that all this will come about. Citizens, this is not loose talk, this is double talk that the board of supervisors is trying to shove down our

throats. Mr. supervisors, what kind of fools do you think we are?

The last paragraph states and I quote, "the law says that it would be discriminatory and therefore illegal to pass the code for just part of the county." If this is so, then why did you put in your second paragraph that farmers do not need a building permit under the building code. Hogwash! Laws are made for all the people and the farmer will be subjected to them also, just like the fisherman, carpenter, bricklayer, or common laborer.

In the second to last paragraph, the board of supervisors said and I quote, "Is it going to cost you a lot of money?" A big "No". They also said and I quote, "They do not want to put a financial burden on any citizen."

They also stated they will put this in the tax collectors' hands and use the existing County Planning Commission for administration and supervision of the inspection programs. They also stated this will keep permit fees down. This is the biggest hogwash of the century!! Well, citizens and voters of Hancock County, are you going to listen to this (loose talk) or are you going to vote this lopsided building code OUT?

Let me tell you how it will be if you vote this building code in. After a few months, the tax collector and the planning commission will say they cannot do someone else's work. So the board of supervisors will have to form a regulatory board. Then they will have to hire a man who would be in charge. Then they would have to hire a building inspector, an electrical inspector, a plumbing inspector and two or three clerks to take care of the paper work, cars for the inspectors, expenses etc. Where will the money come from to pay all these salaries and expenses? You also said, "Stop and Think. You be the Judge," and this is a quote from your ad. The voters will stop and think and they will think this is all HOGWASH and they will be the judge comes election day because we are going to sentence you and your colleagues out of office and vote NO for the building code.

Dear Sir:

To whom it may concern; please permit some serious questions. Now since Waveland's Sewer project will soon come to completion has anyone including government, given thought to the nitty gritty reality and circumstances of the poor low income group of Senior Citizens? Those who are absolutely unable to finance the cost of connections and all that such connections involve, such as pipe, labor and various discomforts and harassments, which for those nearing the end-time of their lives, will be a bitter ordeal?

What do they plan on doing to us? Will they confiscate our homes, the only shelter we own, thru extra taxation when we are already overburdened having to make loans to pay same, especially when emergencies arise when living on a budget.

I've been told many Senior Citizens on fixed income are still paying on S.B.A. loans due to "Camielle."

We've been threatened with the ominous remark, "You just have to take it, its the law." I've always heard theres one thing we HAVE to do, that is to die. Some will say, "sell some land." Well, that can be tried but who can guess as to how long one has to wait before a buyer is found?

The money hungry glory-seekers, won't have the patience to wait until a buyer is found.

They will force us to take city water when chlorinated water makes many of us very ill. Why take city water when we have safety-tested pure artesian wells?

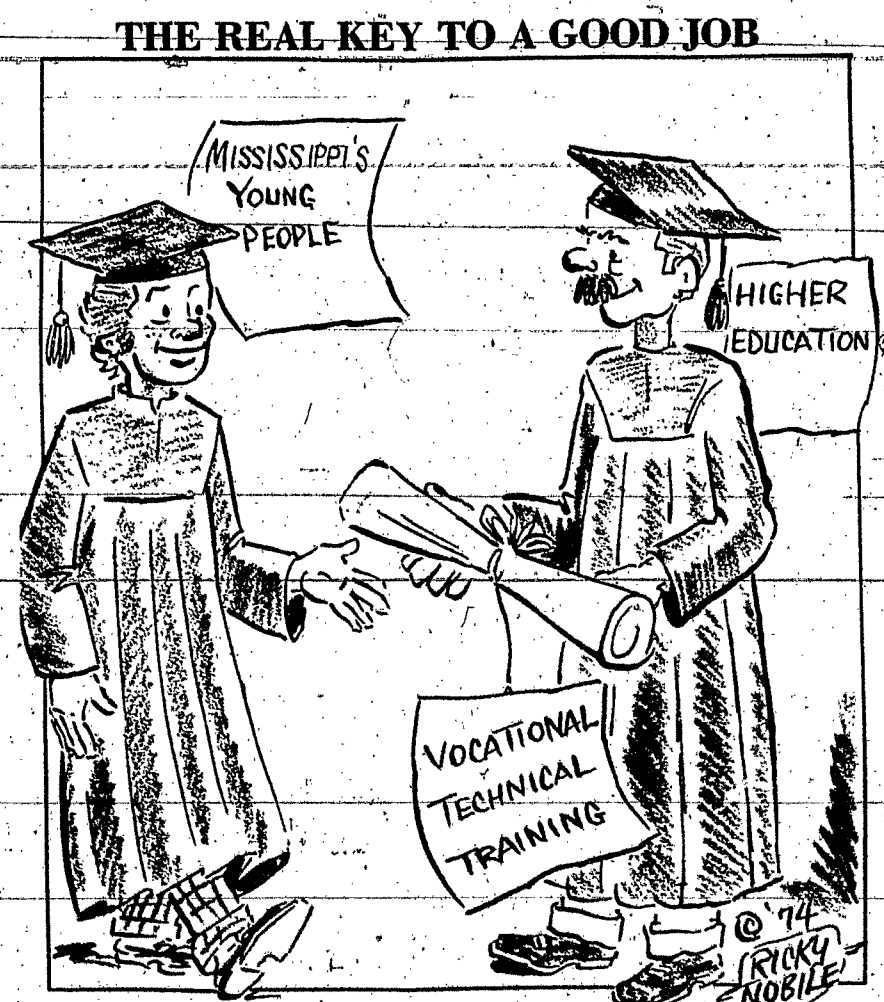

Is there something that can be done to alleviate our depressing condition with the gloom of enforced sewerage hanging heavily over our hearts and minds?

Maybe citizens in similar circumstances can air their views on this matter or, are there any real low income citizens living in Waveland?

How do they feel over this on coming ugly problem facing them; one we didn't want nor didn't create? Moving away isn't easy for the elderly and the socialistic regional planning boys now threaten the pastoral country atmosphere with sewerage.

They're squirming and rattling off the same cliché, progress, annexation, a metropolis Utopia, land grab from private citizens to satisfy their ultimate scheme of glory. Why, oh why can't these bureaucrats let us live our lives as we wish to live? A lot of questions, need to be answered. Our God can handle them.

Mrs. Eleanor Everett McFie
Waveland, Miss.

(Ed Note: This letter was submitted for inclusion in Letters to the Editor.)
Harrison County Board of Supervisors,
Court House,
Gulfport, Miss.
Gentlemen:

We are very pleased to learn that the county will provide a fire engine and two paid firemen for our area under the plans outlined in yesterday's Herald story.

However, one part of the story worries us very much, that the \$50,000 insurance refund money for this year will not be distributed to the various rural volunteer fire departments as promised. Our share was to be \$2850.

You will recall that we were called into a meeting by Mr. Guice as your representative. We were asked to fill out various forms, including a budget, and we took the time and made certain financial commitments based on this assurance which will now bankrupt the department if the county runs out on its prior commitment to us. We have purchased (after talking with Mr. Guice) a 2-ton used International Truck and have already put considerable work getting it mechanically sound.

There is almost a \$500 investment in this truck to date, and we understood the county would pay for the out-of-pocket cost from the insurance refund money... we don't want anything for our efforts to provide a more satisfactory fire truck for the area. We also purchased 500 feet of needed 2 1/2 inch hose at a cost of about \$700, and understood the county would pay for it. There just isn't enough money in the treasury to pay these two bills, much less pay for insurance on the truck, insurance on the volunteer firemen, and this year's gas and oil and other operating costs.

Further, judging from the experience of Pass Christian and Bay St. Louis, the delivery time on fire engines is almost a year. Are we supposed to continue the burden of fire protection for the area during this period, with our \$2650 snatched away from us, a period during which there is no feasible way for the county to use the funds appropriated to provide the protection needed, because of the delivery time on engines?

What we propose is that the insurance refund money be used this year as promised... we want our \$2850 to do the job until the county efforts can become effective.

By way of information for you, our department had its start with a drive started in March, 1973, by The Bird newspaper. The movement gathered force, and the department became operational July 1, 1973. We have collected over \$6000 in cash and equipment (including two payments of \$250 each from the board of supervisors).

We have in operation a fully equipped VW truck which tows a water trailer loaned us by Pass Christian. The trailer has gasoline-driven pumps on it and a supply of 1 1/2 inch hose to right fires. It is dropped at fires, while the truck goes to the canal or bay and starts an operation pumping water through 2 1/2 inch hose to the water tank. We have provided the usual fire truck equipment—extinguishers, fire pike, breathing equipment for smoke-filled buildings, hot stick for electrical lines, bunker gear for firemen, two full firemen's helmets, 16 safety hats, asbestos jackets for the two leadmen, gasoline driven generator for night fires; back pack for grass fires; full first aid kit; etc.

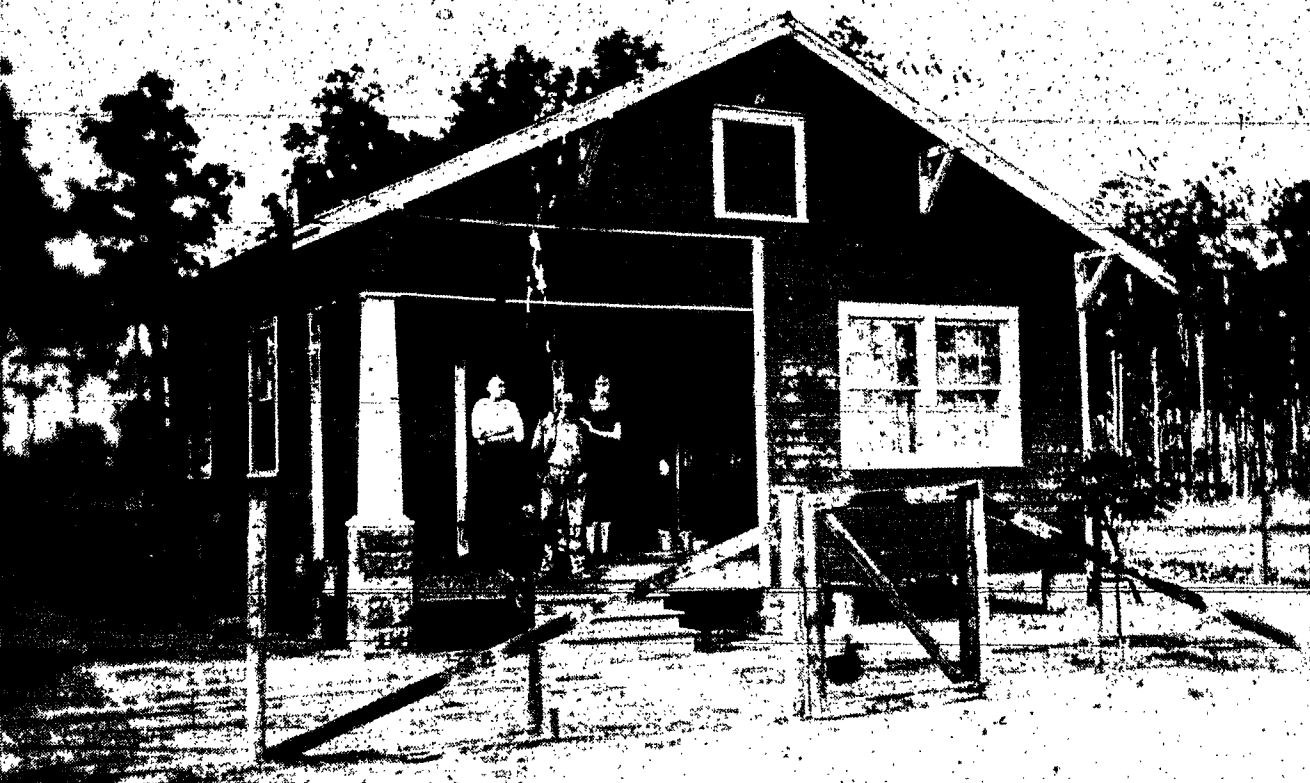

For a warning system, we have worked out for calls to go to the Pass fire department where the phone is manned 24 hours a day. They then call our telephone alert ladies who phone individual volunteers. Additionally a siren system is sounded giving the general location of the fire. Presently, communications is set up with the Pass Volunteer Fire Department for back-up is beyond our capabilities.

We have responded to every fire call since we became operational, except one call on a woods fire where we had mechanical trouble. The Pass engine came and our manpower and their manpower handled the fire.

We have 33 men and women involved in the Volunteer Fire Department work in various capacities. Some fight fires. Some handle telephone alerting. Some handle administration and paper work. Almost every person, whether they are regularly assigned to active fire fighting, has received some fire fighting training. Two of our men have completed the state fire school. We understand that this kind of community effort will be necessary even in the future when you supply us with an engine and paid manpower, and we are willing to do our part.

All we ask is that you don't sink us before we can have a county-wide movement and effective action.

Sophomores break PRC record

For the first time in the 64 year history of Pearl River Junior College four sophomores have been named as honor graduates for the PRC Commencement Exercise to be held Sunday May 5.

After all final grades were computed, Russell W. Chapman, Bay St. Louis; Charlotte L. McCraney, Prentiss; McKinley W. Deaver, Purvis; and Michael Evans Williamson, Columbia, were named as the top students by Enoch Seal, Jr., dean of instruction.

"Not only is this the largest graduating class in history, but never before," according to Seal, "has there been this

many students with perfect 4.0 averages (all A's) at PRC." Williamson is an Agriculture Education major. Miss McCraney is majoring in elementary education. She is also secretary for Phi Theta Kappa. Deaver, a communications major, is a member of the Dixie Drawl and Phi Theta Kappa. Chapman is a pre-law major and a member of Phi Theta Kappa.

A total of 306 students will graduate this year. One hundred eleven certificates of proficiency and 195 associate degrees make up the graduating class.

All graduating sophomores will complete their work Thursday, May 2, at noon and will return Sunday, May 5 for the exercises to be held in the Dobbie Holden Stadium.

SOLAR HEATING

Can solar heating (heating by the sun's energy) provide an answer to the fuel shortages? According to the May Reader's Digest, if solar energy were to provide just one percent of the nation's energy needs by 1983, approximately 100 million barrels of oil per year would be conserved.

USM announces registration dates for Coast campuses

Registration dates for the summer session for the University of Southern Mississippi - Gulf Park, Keesler AFB and Jackson County Resident Center - have been announced by Gwyn Naderhoff, USM-Gulf Park director of admissions and records.

Registration at Gulf Park will be in Hardy Hall Cafeteria on Tuesday, May 28, from noon to 8 p.m.; at Keesler in Vandenberg Hall, on Wednesday, May 29, from 2-7 p.m. (only day to register at Keesler); and at Jackson County Resident Center in the Jackson County Junior College Cafeteria, Thursday, May 30 from 2-7 p.m.

All late registrations for Keesler after the 29th must be accomplished at either Gulf Park or Jackson County Resident Center.

Late registration will be accepted in the registrar's office at Gulf Park and at Jackson County from 1-5 p.m. Tuesday, June 4 through Thursday, June 13. A late registration fee of \$10 will be in effect, and no registrations will be accepted after June 13.

All classes are evening classes, and all courses carry semester hours credit.

Classes meet from 6:30 to 10 p.m., once weekly per the schedule beginning the week of Monday, June 3. The session will end Thursday, Aug. 15.

Students from other institutions wishing to take courses at Gulf Park, Keesler AFB, or Jackson County Resident Centers during the summer may do so without making formal application if they present letters from the deans of their respective in-

stitutions indicating the students are in good standing and that the work they wish to take will transfer.

No out-of-state tuition will be charged during the summer session.

A full range of academic courses, workshops and conferences will be offered during the summer.

PROCLAMATION OF OBSERVANCE OF TUESDAY, APRIL 30, 1974, AS NATIONAL DAY OF HUMILIATION, FASTING AND PRAYER

WHEREAS, the Senate of the United States of America has seen fit to pass joint Resolution 183, setting Tuesday, April 30, 1974, as a National Day of Humiliation, Fasting and Prayer, and

WHEREAS, among other things said Resolution declares that we have made such an idol out of our pursuit of national security that we have forgotten that only God can be the ultimate guardian of our true livelihood and safety and that we have grown in numbers, wealth and power as no other nation has ever grown but have forgotten God although we have received his choicest bounties, and

WHEREAS, Commission Council of Bay St. Louis is in full accord with said Resolution, having made same part of its official minutes. Now therefore, I, Warren Carver, Mayor of the City of Bay St. Louis, do hereby

PROCLAIM April 30, 1974, a day of Humiliation, Fasting and Prayer and call upon the people of our City to humble ourselves as we see fit, before our Creator to acknowledge our final dependence upon Him and to repent of our national sin as set out in Senate Joint Resolution 183.

IN MEMORIAM

In loving memory of my beloved husband, Thomas Emmett Vaughn
On his Birthday
April 28,
Died June 10, 1972

No gifts for you this year dear
For you were called above
The gifts I give dear Tom,
Is my undying love,
But Jesus has his way.
He took you just to be with Him,
To have you near His throne,
I pray, He takes me there
someday,
So we'll be with our own
Sadly Missed by

Scouts to clean up

Boy and Girl Scouts, Cub Scouts, Explorers and all affiliated, with Scouting will participate arewide in a massive cleanup and beautification project Saturday in observance of Keep America Beautiful Day.

Felix Seeger, chairman of the Keep America Beautiful Day in Hancock county, advises that each scout group has been given the authority to "do his own thing" for the day. Scout troops will choose their own particular project for beautifying some section of the community and devise their own means for carrying it out.

Anticipated are scraping and painting litter barrels, creating and distributing posters alerting citizens to beautify the community, bush and shrub plantings, landscaping, litter clearing in public areas as well as any other program the young scouts can devise.

Bay School board . . .

On the subject of teacher input into administration policy, board president William Breland said closer communications with the teachers would be instituted in the future.

"I just feel that we have had a communication breakdown," Breland said. "Mr. McCulloch couldn't know everything that was going on. Now we can have these teachers here and get their responses directly."

Other issues discussed during the meeting were the need for a bond issue to finance needed construction, teacher and administrator salaries, and parent involvement within the school system.

Comment about teacher and administrator salaries surfaced after one parent complained "teacher salaries were no higher than a laborer's."

Addressing himself to a recent news article in the Daily Herald, assistant superintendent Caldwell said that contrary to statements made that salaries of administrators in the state of Mississippi were closer to a national mean while teacher salaries were

(Continued from Page 1-A)

nearer the bottom of the list, "administrators and teachers in the state were both close to the bottom of the pay scale."

A wide ranging discussion of bond issues, millage, and taxation was carried back and forth after board member Bob Hamilton said that the school system needed a bond issue to build a new cafeteria, field house, and band hall.

Several members of the audience indicated that they would support such a bond issue but the loudest support was for a suggestion that a fairer method of taxation be implemented to raise millage for the school system. Board attorney Sam Favre said however that state law controls the taxation procedures.

The meeting was recessed after opportunity was given members of the public attending to air personal complaints and appeals.

Research fund mailing started

Your Christmas Seal Association has recently inaugurated an "Emphysema Research Fund Mailing", announced Mrs. Mary Jane Green of Grenada, newly elected President of the Mississippi Lung Association. This new dimension has been added because it is truly a matter of life and breath...emphysema cannot be ignored...we must be lenient with lung problems. The emphysema letter

contains a mini-pad of seals which can be used on your mail to show your concern. Generous financial response to this letter could mean the difference in early detection of this potential killer disease. Emphysema is a severe lung disease that usually develops gradually, not suddenly. The condition damages lung tissue so that the exchange of oxygen and carbon dioxide is disrupted, giving the patient a drowning

feeling. Since the low of blood to the lungs is disrupted, the heart works harder, often resulting in a damaged and enlarged heart.

Breathlessness can be a beginning symptom and as the disease progresses, breathing becomes more and more of a chore. Very few nonsmokers develop emphysema. Continued smoking can cause the disease to advance. Lung infection and irritation must be prevented.

Currently, since there is no known way to reverse em-

physema damage, early detection and medical treatment and research are vitally important. So, with these facts in mind, we urge you to join the crusade of the double-barred cross in the goal, success in our target fight against emphysema.

If you have not received your emphysema letter, or should you desire additional emphysema seals or information, please contact the Mississippi Lung Association, P. O. Box 9865, Jackson, Ms., 39206 or call 362-5453.

Junior Auxiliary welcomes new officers, members

New provisional members were welcomed into the Bay-Waveland chapter of the Junior Auxiliary and officers installed for the coming year at a Tuesday luncheon in the Waveland home of Mrs. Dave Johnson.

As outgoing president, Mrs. Johnson welcomed as well as four new provisional members, new active members and past presidents attending the midday affair.

Tables were laid on the sun porch where lemon yellow table linens and potted plants carried out a spring theme. New members and past presidents were presented daisy corsages and at the luncheon's end, blossoming potted plants on each table were gifts to the five former presidents.

Attending their first Junior Auxiliary function as new provisional members were Mmes. Ames Kergosien,

Danny Howard, Marc Uram and Davis Williams.

Mrs. Waldo Dearing, a past president and installation officer, conducted the ceremony which set the following as officers for the coming year: Mrs. Joseph Gex, president; Mrs. James Woodfin, first vice-president; Mrs. John Rosetti, second vice-president; Mrs. Lucien Gex, Jr., recording secretary; Mrs. Edgar Santa Cruz, treasurer.

Serving on the slate of appointed officers were Mrs. Santa Cruz, finance chairman; Mrs. Woodfin, projects chairman; Mrs. Claude Switzer, public relations; Mrs. Sheldon Seuzeneau, Jr., corresponding and nominating chairman; Mrs. Thomas Kidd, social and welfare chairman. Mrs. Johnson, as president-elect, will also serve as admissions chairman.

MR. AND MRS. RUSSELL ELLIOTT

Ladner-Elliott nuptials celebrated in Gulfport

The wedding of Deborah White Ladner, daughter of Lealon White and Mrs. Carmen White, Gulfport, and

Russell Edward Elliott, son of Mr. and Mrs. Russell Elliott, Bay St. Louis, was celebrated at 3 p.m. Sunday, April 7, at

Pass Road Baptist Church with the Rev. A.M. Moore officiating.

Mrs. Sherry Dillstone attended her sister as matron of honor and Carlos Ladner, brother-in-law of the groom, was best man. Terry Blake and Bobby Williams served as ushers.

The bride wore an A-line gown of rose print on ivory nylon organza. A soft ruffle of Cluny lace accented the V-shaped neckline, hem of the gown and short sleeves. She wore a corresponding hat of ivory straw and carried a nosegay of white Pixie carnations, pink sweetheart roses and baby's breath. Her only jewelry was a diamond bell drop necklace, a gift of the groom.

The reception was held in the couple's new home, 3503 10th Street, Gulfport.

The bride's maternal grandparents are Mrs. Pearl Bennett Gulfport, and the late Forrest Bennett; her paternal grandparents are Mrs. Ethel White and the late Rube White of Oakdale, Calif.

Maternal grandparents of the groom are Mrs. Grace Orte and the late Ed. P. Orte of Bay St. Louis; his paternal grandparents are Mr. and Mrs. L.S. Elliott, Bay St. Louis.

Miss Benigno is bride of Ames Russ

The marriage of Miss Leverna Ava Benigno, only daughter of Mr. and Mrs. Sam C. Benigno of Waveland, to Ames Culppepper Russ, son of Mr. and Mrs. Ames Russ of Poplarville was impressively solemnized at 2 p.m. Saturday, Apr. 20, at St. Clare's Catholic Church. The Revs. Scanlon and Gasper heard the vows of the double ring ceremony before an altar

adorned with arrangements of daisies, greenery and white tapers.

The bride, given in marriage by her father, wore a full length gown of film silk organza featuring a semi-mandarin collar, full sleeves, fitted bodice and bouffant skirt. Neckline, fitted cuffs, front panel and skirt border were fashioned of appliqued

lace accented with tiny seed pearls, as was the fitted caplet from which her cathedral length veil fell. This too was bordered in lace appliques and pearls. She carried a sculptured bouquet of white daisies and baby's breath.

Mrs. Hugh Walden of Houston, maid of honor, wore a long gown of blue designed along princess lines. Her wide brimmed straw hat of a lacy texture was also blue. Miss Tammy Bourgeois, maid of honor, wore green and little Miss Melissa Bourgeois, flower girl, wore pink. Their long dresses were styled as that of the maid of honor. All cousins of the bride, they carried bouquets of yellow daisies.

Lew Martensen, best man and Pete Nagle, groomsmen, are both from Poplarville. The

ring bearer, Jack Culppepper, of College Station, Tex. is a cousin of the groom. Ushers were Bob Ford, Wally Carbone, Bill Winborn and Craig Franklin.

The reception, immediately following the ceremony, was held at St. Clare's Parish Hall where the daisy motif was carried out in all decorations including the three tiered wedding cake. Mrs. Benigno received in a peach hued full-length chiffon gown with matching accessories. The mother of the groom wore powder blue; both wore orchid corsages. Mrs. George Powers the bride's grandmother chose beige.

Upon their return from the Florida honeymoon, the young couple will be at home on de Monthuzin Avenue in Bay St. Louis.

An election of new officers was held recently for the Ladies Auxiliary of VFW Post No. 5931. The following were chosen: president, Patricia Necaise; senior vice-president, Minnie Holley; junior vice-president, Mary Alice Schramm; treasurer, Edna Szymanski; chaplain, Alma Ruspoli; conductress, Inez Bourdin; guard, Rosalie Swetman; three-year trustee, Mary Lou Botos; acting as two year and one year trustees will be Norma Bonney and Esther Adams, respectively. Acting as secretary for the ensuing year will be Edith Taber.

The Ladies Auxiliary of VFW Post No. 5931 voted at a recent meeting to hold a Mother's Day Smorgasbord on May 12, 1974 at the post home.

On Wednesday, April 17 the gentlemen of VFW Post No. 5931 entertained 43 patients and eight medics at G Ward of the Veterans Hospital at Gulfport. Sandwiches prepared by the ladies auxiliary were served along with candy and bananas. Games were played for canteen book prizes. The next scheduled party for F Ward will be May 22.

David Sandlin, Jr., son of the senior Sandlins of Pass Christian has just received notification from his Congressman that he has been accepted by the United States Air Force Academy. It is quite an honor to receive such an appointment and David is certainly to be congratulated. He is a senior at Coast Episcopal High School.

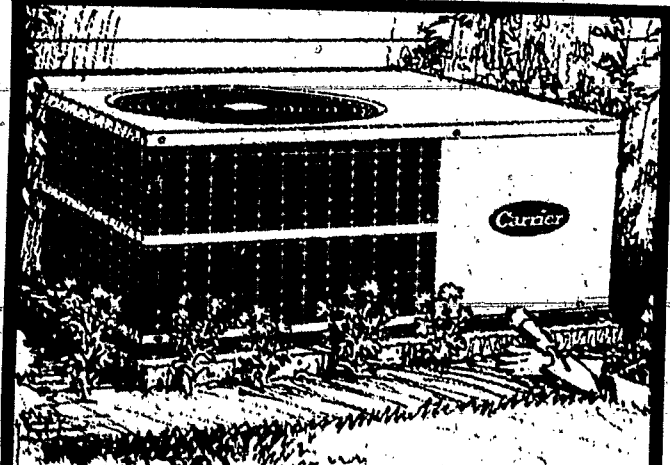

The ninth grade class at Coast Episcopal High School will be in New Orleans Thursday, with teachers Mrs. Sarah Luck, Mrs. Gertrude Stanton and Mr. Charles Lyle for a field trip. On the agenda will be tours of the Vierre Carre, Cabildo, Presbytere and other points of interest.

Mrs. Ione Russell is home from the hospital, recuperating nicely, and is expected to be back city clerking in the near future. She thanks everyone for their good wishes.

Election of officers for VFW Post No. 5931 was also held. The following officers were elected: commander, Charlie Marant; senior vice-commander, Earl Holley; junior vice-commander, John Steube; quartermaster, Delmore Bonney; advocate, Walter Schramm; surgeon, J.W. Morris; three-year trustee, John Botos; hold-over trustees, Pat McDonald, Henry Stiglets; house committee, Lester Sperler, Jake Irwin, Arnold Scarborough, Frank Ruspoli, and Avery Allen, Jr.

BENEFIT DINNER
First Missionary Baptist Church, corner Sycamore and Third Streets, will give a benefit chicken dinner Saturday, April 27, from 9 a.m. to 5 p.m. Donation will be \$1.50 per plate. Dinners will be served at the church and deliveries will be available calling 467-4458.

Diamondhead Garden Club will hold its annual installation luncheon honoring officers elected and all members on May 1 beginning at 10:30 a.m. at the County Club. Club President Mrs. Billie Sorensen will give a presentation of Papier Toile as the program. Please make your reservation for the special luncheon by phoning the club or by phoning me at 452-9551. Reservations are a must for the luncheon. Guests are welcome.

Mrs. Bea Smith is spending the week in her Village summer residence from New Orleans.

Mr. and Mrs. Woodrow Woodside of Slidell and their many guests were among those attending the Fireman's Ball last Saturday evening at the Club.

A belated welcome to the Wallace Roberts of New Orleans who recently moved into their new home on Diamondhead Drive. Addie Roberts is a golf enthusiast and is the Club Tournament chairman for the Diamondhead Ladies Golf Association event coming up May 6.

St. Michaels Farm for boys in Picayune met with a disaster last week. The boys' dormitory burned down, and the boys are in need of clothes, linen, and sheets desperately. Anyone wanting to contribute a donation or a package of clothes to lend a hand, please telephone me at 452-9551 and I will be delighted to pick it up or bring it to Fr. Johnson at Episcopal Church in the Bay. The boys range from 13 to 17 years old.

April is Cancer Control Month. All over the Gulf Coast area, as well as nationwide, volunteers are working in the education and fund-raising crusade. This is the time of year that the American Cancer Society concentrates on reaching as many people as possible with life-saving educational material and an opportunity to give funds for the continuation of programs of research, education, service and rehabilitation.

Spring is symbolic time of year for this crusade. As Nature renews herself, so we can renew our efforts for cancer control. Contributions may be sent to American Cancer Society, Coast District, 384 Courthouse Road, Gulfport, Miss., 39501.

Another coming event are the smoking withdrawal clinics. Plans are in the making sponsored by the American Cancer Society, and it has been effectively carried out in other areas of this state as well as on the Coast. The date for the clinic nearest Bay-Waveland, which will be in Gulfport, is May 6-10. For more details call the area office at 898-7024.

It was reported by the National Office as of March 5 for Mississippi the 1974 Crusade total was \$58,479. Please give generously to this dedicated cause. Remember—a check donated in memory of a loved one is most graciously welcomed.

Taylor to be inducted into USM Sports Hall of Fame

HATTIESBURG, Miss.—C. J. (Pete) Taylor, a standout end on the University of Southern Mississippi's 1941, '46 and '47 teams and a graduate of St. Stanislaus High School, Bay St. Louis, will be inducted into the USM Sports Hall of Fame Friday night.

Taylor is currently the university's assistant athletic director and head baseball coach.

A prep star at St. Stanislaus High School, Taylor was honored by that institution in 1972 as one of the first five alumni to be inducted into the school's Hall of Fame.

Three other former grid stars, Maxie Lambright of Ruston, La., Don Hultz of Memphis and Scoop Howard of Albertville, Ala., and ex-basketball star Roy Danforth of Syracuse, N. Y., also will be inducted during the 10th annual USM awards banquet.

The 7:30 p.m. banquet will be held in the George University Commons and will be preceded by a 5 p.m. social hour in the Southernaire Motel's Big Gold Room. Banquet tickets will be \$7 each.

Taylor was a member of Southern's undefeated (9-0-1) team of 1941. The three teams he played with had a combined record of 22 wins, six losses and one tie. He also played baseball and basketball.

Prior to becoming assistant athletic director in 1966 he had been USM's end coach for 11

seasons. He is in his 16th year as baseball coach. His 15 previous teams (non-scholarship) had a combined record of 164 wins, 143 losses

Cheerleaders elected

Elected to cheerleader squads at Bay Senior High School for the coming year were Senior Cheerleaders—Deborah Edwards, Monica Price, Charlene Sandoz, Frances Spornino and Joy Thomas;

Junior Cheerleaders—Liz Bosley, Janet Hamilton and Julia Langley;

Sophomore Cheerleaders—Sandra Rayborn and Michelle Mastick.

and three ties.

Before returning to his alma mater as an assistant coach, Taylor enjoyed a splendid high school coaching career. It began at Holy Cross High School in his native New Orleans, La., with a 19-3 record in two campaigns. He moved to St. Louis, Mo., as head coach at University High and his teams compiled a 41-7-1 record and won three city titles.

In addition to playing on the undefeated team of 1941, he

was on the coaching staff when the 1958 team posted the school's lone perfect record (9-0). During the 11 seasons he was a member of the coaching staff, the teams had an 80-23-3 record and went to two post-season bowl games.

A 1947 graduate, Taylor was elected "Mr. MSC" (then Mississippi Southern College) in his senior year.

He is married to the former Gloria Bruemmer of St. Louis, Mo., and they have five children.

Tiger Track Strong 2nd at Picayune

By Mike Wilkinson
Bay High track members settled for a close second place last Friday at Picayune in a three-way meet with Picayune and Poplarville High Schools. Picayune accumulated a total of 66 points in the meet followed by Bay High with 64 and Poplarville with 47.

The Tiger track team took five first place wins, nine second places and one third place. Bay High dominated the field events taking three of five first places. Gilbert Whavers won the shot put with a throw of 51' 1/2". Dale Loiacano and Sam Piazza finished second and third in the shot put from Bay High. Only one finish was awarded each school though.

Piazza won the discus event with a throw of 145' 3". Ed Porter and Dale Loiacano placed second and third in the event.

In the pole vault, Arnold Fairconnetue won with a vault of 10' 6".

In the running events, the Tigers placed first in the 440 relay and the mile run. The 440 team consisting of Lee Morris,

Wilford Parker, Allison Farve and Irvin Hawkins turned in a time of 45.0 seconds.

In the mile Chuck Martinez outdistanced both Picayune and Poplarville and went on to win the mile in 5:09.

Bay High took eight of ten second place finishes in the running events and six in the field events.

Peter Dawn took second in the High Jump with a height of 5' 8". Mike Richardson came in second in the 120 High Hurdles with a time of 15.9 seconds. Irvin Hawkins finished second despite an impressive 09.9 in the 100 yard dash.

The 880 yard relay team, consisting of Morris, Hinson, Farve, and Hawkins finished second with a time of 1:35.1. In the 440 yard dash, Paul Saudier finished second with a run of 57.0. The 180 low hurdles were run by Mike Richardson in 21.9 for a second.

Other second place finishes were Frank Langenbacher in the 880 yard run (1:19.3), Irvin Hawkins in the 220 dash (22.5), and Richardson, Saudier, Parker, and Fairconnetue in the mile relay (3:53.3).

Records set

St. Rose de Lima posted two conference records Saturday in its successful bid for the Gulf Coast Western Conference track championship at St. Stanislaus Stadium in Bay St. Louis.

The five school field thinned out early to a fight between St. Rose and Charles B. Murphy

School, but after the fourth event the Murphy team did not post a serious threat to the St. Rose speedsters.

Our Lady of the Gulf School made a strong showing in the field events to finish third place.

Alton Benoit of St. Rose claimed a conference record

Greyhounds to run May 20

THEODORE, Ala.—Some of the most famous kennels in the Nation will be on the scene when Mobile Greyhound Park opens its second season of racing on May 20th.

Racing Secretary Larry Theriault today announced that the success of the inaugural 1973 season has lured many top new kennels to the Mobile County track with some of last season's better kennels returning.

The newcomers include such prominent names in Greyhound Racing as G. A. Alderson and Clem Zwack from Florida tracks; Alderson now has the leading kennel at

both St. Petersburg and Naples-Fort Myers tracks, while Zwack has been a top owner at St. Pete for many years.

Other newcomers for 1974 will be Kyle Stephenson Kennel from West Palm Beach; Joseph Marino Kennel from West Palm Beach; Joseph L. Horton Kennel (based in Prattville, Ala.) from Jefferson County (Fla.) Kennel Club and Key West tracks; Omer Rawlings Kennels from Jacksonville Kennel Club; and Mike Kygler Kennel from Hollywood Kennel Club.

Wilkinson signs grant-in-aid at Tulane

Bay Senior High student Mike Wilkinson, 18, son of Mr. and Mrs. Andrews M. Wilkinson, 132 Grosvenor Place, Waveland, has signed a four year grant-in-aid scholarship for Tulane University in New Orleans, school officials announced this week.

Wilkinson, a student trainer for the Bay High athletic department for the past three years, said that the offer came after he had an opportunity to meet Tulane Head Trainer E. J. "Bubba" Porche during that school's spring games.

"Mike is well deserving of that scholarship," said Bay High head coach J. E. Loiacano. "He's just like a coach with his knowledge of that tape and injuries."

A past participant in numerous trainer's workshops and conferences, Wilkinson was also a recent graduate of the Emergency Medical Technician Course and of an advanced first aid and emergency care clinic at the Pearl River Jr. College Vo-

Tech Center. He is a student member of the National Athletic Trainer's Association.

Ocean Springs, 8-0

By EDWARD FAVRE

The Ocean Springs Greyhounds defeated the St. Stanislaus Rock-A-Chaws 8-0 in Gulf Coast Conference baseball game at Ocean Springs last Saturday.

Ocean Springs got five runs in the first inning, one in the fifth and two in the sixth.

Stanislaus advanced one runner to third base but couldn't bring him home.

Dan Ford went all the way on the mound for the Rocks striking out seven batters and walking two while giving up eight hits.

L. Meant gained the victory for the Greyhounds striking out seven batters, walking three and giving up three hits.

Alliston picked at Bay High

Woody Alliston, a 1962 graduate of Bay Senior High and a five year veteran of the senior high coaching staff, was named new head football coach last week following the sudden resignation Wednesday of Cecil Powell.

Acceptance of Alliston was approved unanimously in a special meeting of city school board members late Wednesday after superintendent J.D. McCullouch read Powell's letter of resignation.

Former head coach J.E. Loiacano, who resigned at the end of the 1973 football season, confirmed reports Thursday that Powell had expressed interest in the unfilled assistant coaching position at Gulfport East High School where Loiacano was recently named head coach.

Powell had accepted the head coaching position at Bay High several weeks ago, amid a storm of controversy over Loiacano's departure and his successor.

Powell's only explanation last week concerning his resignation was that he felt it was the right thing to do at the time but did cite continuing embroilment within the school system as an influence in his decision to leave.

Alliston, 30, was the board's first choice to succeed Loiacano after it became obvious Loiacano's decision to leave was irrevocable. But he unexpectedly turned down the job offer.

Alliston said Monday his decision to accept the position this time was based on the change of events surrounding the job.

A '62 graduate of Bay High, Alliston played center under former coach Lance Lumpkin before going to Pearl River Junior College where he played center and linebacker. After finishing school at Louisiana College in Pineville, La., Alliston returned to coach two years in the Bay Junior High before joining the senior high coaching staff as a line coach.

The board is still left with one unfilled assistant coaching spot. McCullouch indicated that a meeting of administration and coaches would be held later.

He did not know at this time, he said, whether the board would have to go outside the school system to fill the position.

Area boxers glove up for weekend tournament

Boxing will be the name of the game in Bay St. Louis this weekend as the Gulf Coast Novice Boxing Tournament gets underway with three days of boxing beginning Friday night.

Matches will be held 7:30 p.m. Friday and Saturday nights and at 2 p.m. on Sunday in the St. Augustine Seminary gymnasium.

Tom Cain, spokesman for American Legion Post 139 which is sponsoring the

tournament, said that teams from Pascagoula, Biloxi, Gulfport, and Harrihan, La. would be entered in the tournament as well as 17 youths from the Legion's own team in Bay St. Louis.

Weigh ins for each class will be conducted Friday morning from 8 a.m. to 12 a.m. at St. Augustine.

Coach for the Bay St. Louis team is Harvey Mitchell. The team has been training in the American Legion Hall.

PRC basketball camp to open

Billy Holmes, Head Basketball Coach at PRC, has announced the dates for both boys and girls basketball camps to be held on the PRC campus during the month of June.

The week of June 3-7 will be for junior high girls; June 10-14 for junior high boys; June 17-21 for senior high boys; and June 24-28 for senior high girls. The cost of the camp will be \$50.00 with a \$20.00 deposit (non-refundable) due prior to the opening of each camp.

Basketball fundamentals, individual attention, team offense, and team defense will be the major areas covered during the camp.

Holmes will serve as director of all the camps. Staff members for the boys' camps will be Miller Hammill, former basketball coach at Pearl

River Junior College; Larry Ladner, professor of Athletic Administration and Coaching at USM; Ford Turner, basketball coach at Sumrall High School; and Mike Necaise, basketball coach at Bay Senior High School; and Doug Necaise will be instructors during the girls' camps.

"We feel that we host the finest basketball camp in the state and hope the players in our district and surrounding areas will take part in our camps," Holmes said.

These camps have been approved by the MHSAA and the Mississippi Private School Association.

For further information contact Billy Holmes, Pearl River Junior College, Poplarville, MS 39470.

Admission to the matches is \$2 for adults and \$1 for students. A. A. U. rules and regulations will apply.

Leagues organize Tryouts

Registration, tryouts, and practice for the Hancock County Babe Ruth Baseball League will be held Sunday April 28 and Saturday May 4, for all youngsters 13 to 18-years-old.

Players 13-15-years-old will register and practice for the Babe Ruth League 3 p.m. Sunday April 28 and 9 a.m. Saturday May 4 at the Bay High Stadium.

Tryouts for the Babe Ruth Senior League (16-18 years) will be 1 p.m. Sunday April 28 and 9 a.m. Saturday May 4 at The Bay High Stadium diamond.

Each player must have a birth certificate and \$1 for registration fee.

Player drafts will follow tryouts and registration on May 4 according to Jim Thrifflie, player agent.

Each team roster will consist of 12-15 players. A minimum of three 13-year-olds and a maximum of five 15-year-olds is allowed in the Babe Ruth League.

All youths who will reach their 13th birthday before August 1 of this year or who will not be 19 until after July 31, 1974 are eligible to play.

Scouts learn safe boating from Flotilla

Coast Guard Auxiliary Flotilla 33 of Bay St. Louis conducted a Safe Boating class for the Boy Scouts at Camp Tiak, north of Wiggins, Miss. at their Spring Jamboree, which climaxed an "All Out for Scouting" program that started 18 months ago.

Pine Burr counsel was one of five counsels throughout the United States which joined in this pilot program, and Boy Scouts from 16 counties at-

tended the Jamboree. The "All Out for Scouting" program was adopted by the Boy Scouts of America.

Flotilla 33, in the safe boating class, taught scouts the safe way to do things when they are on boats.

Members who helped with the class were Commander Charles Smith, vice commander Hale Booth, Jackie and Guy Bufkin, Lou Baron and Division III Captain Ed Wilcox of Flotilla 35.

Costs up at USM

Because of increased employee wages and higher food costs, dormitory room charges and the cost of meal tickets have been increased at the University of Southern Mississippi, announced Dr. William D. McCain, university president.

An increase of \$10 per

quarter has been added to all dormitory charges except that at Hillcrest and Elam Arts where charges remain the same. The additional charge will be effective with fall quarter.

Effective summer quarter, the meal ticket cost has been increased by \$20.

Mobile last year, leads the list of returnees which also includes Don Conatser, owner of Tuf Miller and Pecos Cannon which raced here.

Tuf Miller went on to become captain of the 1973 All-American Greyhound Team while Pecos Cannon, who broke in as a pup in Mobile, has now posted 28 wins while smashing records at West Palm Beach.

Tom Crawford will also be returning with his "Montague" dogs, as will Hal Beckner and his "H. D." greyhounds. Crawford is now at St. Petersburg and Sanford, Orlando, while Beckner is at

West Palm Beach.

Ralph Redding, another popular Mobile kennel last year, is coming in from Naples-Fort Myers along with Glenn Brown from Colorado; Ed Ross from New Hampshire; Darby Henry Kennel from St. Petersburg; Otis Spears from Miami; John McClay from Naples-Fort Myers and O. G. Hyde whose greyhounds have been racing in Arkansas and New Hampshire.

All plan to have strong representation in Mobile in ample time to be ready for the start of schooling races May 7th.

Therlault said he is pleased and excited over the kennel line-up "which pretty much assures us of another successful season."

He noted that the public is invited to view the schooling races and that concession stands will be open at the track. Mobile Greyhound Park is located just off Interstate 10 at the Theodore-Dawes interchange west of Mobile.

Stanislaus, Bay High split Double Header

By EDWARD FAVRE

The St. Stanislaus Rock-A-Chaws and the Bay High Tigers split a Gulf Coast Conference baseball double-header Thursday.

Stanislaus won the opener at Stanislaus Field 8-1 and lost the nightcap 2-1 behind the no-hit pitching of Tiger Leslie Hinson at Tiger Field.

In the opener Tim Favre had to have help from John McPahil on the mound and Favre was charged with the loss giving up eight hits, striking out one and walking

two.

Gerard Lymuel and Joe Quatano led Stanislaus batters with two hits each. Lymuel had two triples in three times at bat, while Quatano had a single and a triple in two trips to the plate.

All Tiger hits were singles. Dan Ford went all the way on the mound for the Rocks striking out six batters, walking two and giving up three hits.

Stanislaus had a 1-0 lead going into the bottom of the fourth inning when Tiger lead-off batter Sam Piazza hit a home run ball over the left field fence for the Tigers only score of the inning to the game 1-1.

In the top of the fifth inning, it looked as though the Rocks might take the lead again, when lead-off batter Anderson was hit by a pitch. Anderson advanced to second on a sacrifice by the next batter. The third Rock batter in the inning struck out and Anderson was called out trying to steal third.

The Tigers started their half of the fifth inning with a single by lead-off batter Arnold

Fairconnetue who stole second and third. With two out, Hinson helped to win his own ball game with a single to score Fairconnetue.

Bud Lang went all the way on the mound for the Rocks striking out six batters, walking five and giving up five hits.

Leslie Hinson, in pitching the no-hitter struck out seven Stanislaus batters and walked three.

BWYC Backwash

by Ann Stieffel 467-6300

The beautiful scenic Jourdan River was transformed into a hectic, action-packed race course last weekend as 18 boats sailed Bay Waveland Yacht Club's Annual Jourdan River Regatta. Race committee chairman Basil Kennedy, assisted by Commodore Ray Stieffel, conducted the two race series in Flying Scots and Sunfish through a blustery unrelenting southeast breeze which churned up rough seas in the Bay and packed a whollop all the way up the river.

A new record was established for the Scot race from BWYC to the I-10 bridge and back: Cindy Stieffel and her crew Ed Turnipseed and Janet Hamilton won Saturday's race in 2 hours, 20 minutes, 6 seconds. Sunday's Flying Scot winner Woody Stieffel and his crew Bob Stroh finished in almost identical weather in 2 hrs, 20 minutes, 33 seconds.

The prevailing weather conditions for the week-end of racing provided a skill and endurance test for all the participants, especially the Sunfish sailors. Many of the

boats in both classes capsized, some more than once; one to sail off after being righted temporarily minus one of its crew, another to sail up into the grass as soon as it was righted.

Comdr. Bill Flanders was the winner of Saturday's "Round the Island" Sunfish race, which saw several breakdowns and DNF's. The record Sunfish time was set by Chuck Breath who won Sunday's Sunfish race in one hour, 40 minutes, 8 seconds.

The overall points in the Sunfish Class in their order of finish are: Bill Flanders, 21 1/2 points; Dennis Stieffel, 18; James Tudury, 16; Gigi Stieffel, 14; Chuck Breath, 12 1/2; Rod Stieffel, 11; Wes McFarland, 11; Harry Chapman, 10; Randy Santa Cruz, 5.

The final standings in the Scots in order of finish are: Woody Stieffel, 15 1/2; Cindy Stieffel, 12 1/2; Buzzy Heausler, 11; Ann Stieffel, 9; Ellen Eagan, 9; Steve Scott, PCYC, 9; Frank Allen, 5; Tom Brown GLEY, DNF.

Under the direction of Vickie Staehle and Lucille Peeney poor boy lunches and an Italian plate dinner were served at the Club Saturday by the BWYC Ladies Auxiliary. A large crowd of members and guests were on hand Saturday evening to help "Bail the Blige" with hosts Mr. and Mrs. Lucien Gex, Mr. and Mrs. S. W. Murphy, Mr. and Mrs. Waldo Dearing, Mr. and Mrs. Paul Maloney, Mr. and Mrs. Ernest Douglass, Mr. and Mrs. Gerald Bien-

venu, and Commodore and Mrs. Ray Stieffel.

At the trophy presentation Commodore Stieffel extended a special welcome to the visitors from Pass Christian and Grand Lagoon Yacht Club in Pensacola. Particular mention was made of the fine sportsmanship exhibited by Tom Brown, Drew Howes and Joe Eastburn representing Grand Lagoon Yacht Club, who never gave up in spite of numerous adversities.

There was never a dull moment in this Jourdan River Classic, and some unprecedented events in yacht racing, such as one boat sailing straight into the marshes till only the top of its sail could be seen, and the skipper of another yacht was heard shouting a strange command to his crew trying to right his overturned Scot.

... keep her out of the tree!!

BWYC SCHEDULE OF RACES FOR SATURDAY, APRIL 27:

2 p.m. A-CLASS - Grace Santa Cruz, Frank Hill, Chris Stieffel, Ellen Eagan, James Tudury.

3 p.m. NOVICE CLASS - Helene Hill, Dennis Stieffel, Elizabeth Santa Cruz, Tommy Heausler, Randy Santa Cruz.

MALLORY ELIMINATIONS will be held at BWYC Sunday, April 28, in a three-race series sailed back to back. Skippers and crews for this series must be over 18 years of age. The winner of this elimination will represent Bay Waveland in the Mallory Western District Eliminations at Gulfport Yacht Club on May 4 and 5, in Flying Scots.

SEARS SUNFISH ELIMINATIONS will be held at BWYC on April 28 at the same time as the Mallory Series, with starts five minutes behind the Scots. This is a single-handed series among skippers between the ages of 13 and 18. The winner will be Bay Waveland's representative in the Sears Western District Eliminations to be sailed here on May 11 and 12.

SEARS FLYING SCOTS ELIMINATIONS will be sailed at BWYC on the weekend of May 4-5.

O'DAY WESTERN DISTRICT ELIMINATIONS - Pass Christian Yacht Club April 27-28. Buzzy Heausler will be representing Bay Waveland in this adult single-handed competition.

A.D.A.M.S. WESTERN DISTRICT ELIMINATIONS - Biloxi Yacht Club April 27-28. Ann Stieffel, and crew Weezie Kennedy and Cindy Stieffel, will sail for Bay Waveland in Flying Scots in a round-robin series.

Rebs to close out mediocre season Friday with double header at LSU

UNIVERSITY, Miss., Six games in five days close out the 1974 baseball season this week and four tennis matches are on tap as spring sports activity begins to wind down at Ole Miss.

Coach Jake Gibbs' diamond team, 13-11 into a weekend series here with Mississippi State, plays all six contests on the road. Action began Tuesday at Delta State and will conclude this weekend with a Southeastern Conference Western Division series at Louisiana State.

The Rebs are booked in a single game against the Statesman in Cleveland, play a doubleheader Wednesday

against Southern Mississippi in Hattiesburg and have a three-game, Friday-Saturday, night series set with LSU in Baton Rouge.

Road encounters follow earlier campus visits by all three clubs. Delta State was edged 3-2 here on April 3 and Southern claimed a twin-bill decision here. March 18, 9-4 and 3-2.

The Rebs opened SEC competition against the Tigers on March 22-23 losing 5-0 but then winning 1-0 and 9-4.

Coach John Hovious and Mack Cameron's netters completed campus campaigning this week with matches Tuesday against Memphis State and Wednesday against Southwestern of Memphis.

The Rebels travel to Jackson Friday to play Belhaven and have a Saturday match with Mississippi College in Clinton. The Rebels have compiled a 17-6 match play record.

The Ole Miss golf team is idle until the May 17-19 SEC tourney in Dothan, Ala.

Special purpose Bonds not feasible

From time to time, the Treasury receives suggestions for special-purpose U.S. Savings Bonds - Bonds for ecology, education, environment, health, conservation, etc. The possibilities are endless.

It has been determined that such special-purpose Bonds are not feasible. At the outset, there would be the problem of selecting a cause or causes to be so recognized. Once that difficult decision was made, there would be the matter of designing, manufacturing, distributing, marketing, and accounting for such Bonds.

The costs involved are prohibitive. It should be pointed out that the dollars the Treasury receives from the sales of Savings Bonds go into a general fund. They are spent to pay for many and varied governmental programs - education, housing, highways, environmental protection, national defense, health, and so on.

man. Reservations must be made before 6 p.m. May 3. LADIES AUXILIARY board of directors will hold its regular monthly meeting at 6:30 p.m. on April 28. All members of the Board are requested to attend.

Vice-Commodore Walter Gehrke has arranged the construction of new branches on the lower dock in time for members to relax comfortably on the lower deck while viewing the first races of the season.

Guests at the Ladies Luncheon on April 17 were delighted with the interesting and useful tips on the various methods of propagation of house plants and shrubs by guest speaker Felix Seeger, Bay St. Louis Superintendent of Public Grounds. The weather this past week end was beautiful but the waters were on the bad side, high tides with dirty water hindered all kinds of fishing, both salt and fresh. Pearl River should get down to normal, after the crest which reached here over the weekend.

The river drains as far as Hattiesburg and above where the rains and flash floods of last week played havoc, destroying homes, washing out bridges and flooding highways. Whether you know it or not the Leaf and Boeff rivers run into the Pascagoula River and drains out into the Gulf at Pascagoula. These rivers also helped flood parts of Hattiesburg.

Heard from M.F. Cass who said that things in Hattiesburg are slowly getting back to normal. He lives on the west side of Hattiesburg which wasn't too badly damaged by the flood waters.

As stated before the fishing around the Pearl River area will be better when the river gets back to normal. It always does according to the old timers. Will probably take the mighty Pearl at least two to three weeks to clear and be fit for bass fishing.

Found out from a Kancha Ketchum reader, Buck Hodges, of Pearlinton, what a cusk fish is.

It is an eel-like salt water fish which averages seven pounds but the record weight is 30 pounds. They are caught on rocky bottoms or shell bottoms with hook and line. The fish is of dark to reddish color on the back, yellow on sides and dirty white on the belly. They are also known as Brosimus or Brosme according to the dictionary. Thanks, Buck, for the information.

Found out also that Buck Hodges lives at Pearlinton and does a lot of fishing, hunting, etc.

The Bay-Waveland Gun & Rod Club held its monthly supper meeting Thursday night at the American Legion Hall with about 40 active members present.

Frank Ladner, is the new president; Roddie Bilbo, vice-president and Donald Caldwell, secretary-treasurer.

After the meeting was called to order discussions were brought up and thrashed out followed by talks by city commissioners Lucien Kidd and Clarence Ladner about more launching places planned for the future. A committee was appointed to make plans for a Fishing Rodeo to take place soon.

Pat Toulouse, local game warden showed an interesting film on quail raising and hunting. Pat also told the members of some hunting licenses we didn't know about.

Also present were L.J. Fountain and Clifton Roberts, inspectors with the Miss. Marine Conservation Commission, who spoke on seafood conservation.

Members of the club cooked a swell seafood supper which was served buffet style plus a beverage. The club now has about 57 members and new ones are being solicited. Join a sports club which is becoming more active everyday.

Coming up on April 26 and 27 at the Seminary Gym, Bay St. Louis will be some real boxing sponsored by the American Legion Post 139. It will start at 7:30 p.m. Make plans to attend. Haven't seen local boxing for quite awhile.

Grass shrimp are a small crustacean taken with dip nets among grass and other water vegetation mostly in ditches. They are usually about an inch long. An excellent bait for bass, crappie, bream and catfish. Get smart, get your own bait for still fishing. A small mess net is all that is needed.

Older fishermen are not any better than young ones. They just have more mileage and experience.

Did you know that Fresh Water Drum (Gaspergou) are good eating when small. When older they are tough and full of worms.

Pike (duck-billed pickerel, Jackfish) are mostly a northern fish but are found in our waters hereabouts. They put up a lively fight of short duration. For eating they are only fair.

Now is frogging time. Heard some big ones bellowing the other evening about dark. Bull frogs are caught mostly in ponds and lakes. They are the largest variety. Occasionally they are caught on a fly rod and will hit surface baits when thrown by them.

Hard crabbing time is now. They are being caught along the seawall at both ends, Bayou Caddy and Cedar Point. Reports are that they are getting larger.

Met J.E. Etheridge of Poplarville. Don't know what his hobby is because he said he didn't have any. Wasn't doing too bad at the wedding reception.

Was a pleasure talking to Vic Cimino who resides in Waveland. Vic hunts, fishes and does frogging. We'll put you wise to places where all this can be done. He is a newcomer to our section and expects to remain here.

Henry Lang is trying hard to catch some soft crabs but the elements are against him. Too much high tides at night when they should be low. We'll have time yet, Henry. Understand Sheldon Seuzeneau is going with him. Henry is an expert at catching them. Sheldon can learn a lot from him.

Perch are being caught aplenty on earth worms.

Ole Miss Sports Camp Reports Record Response

UNIVERSITY, Miss. — Reporting steady progress toward the fourth annual Ole Miss Sports Camp, Rebel football coach Ken Cooper said Saturday enthusiasm toward this summer's camps was approaching an all-time high.

Football camp dates are June 1-7 with football, baseball, golf and tennis to be featured during the second week, June 8-14.

Basketball camp dates are June 15-21 for girls and June 22-28 for boys.

Even though the camps are about six weeks away, our coaches are working hard to make this our best session ever," Cooper pointed out. "The program plan is excellent and will appeal to almost any sports-minded youngster."

Cooper is serving as camp director and Taylor McNeel, Rebel defensive secondary coach, is the assistant camp coordinator. Head basketball coach Robert "Cot" Jarvis will direct the basketball camp.

The Rebel football staff, one of the "youngest" but most knowledgeable groups in the nation, will serve as instructors during the football camp. Archie Manning, former Ole Miss All-American and now starting quarterback for the New Orleans Saints, will return for the third consecutive year.

Instruction will be adjusted to the specific abilities of each camper. Teaching basic fundamentals and essential skills with emphasis on individual conditioning and development.

In addition to daily instruction by the Rebel staff, many recreation activities planned include swimming, team and individual games, sports, and film sessions, ranging from highlight films of the National Football League teams to entertainment films for all campers.

Basketball coaches Jake Gibbs, former catcher with the New York Yankees, and Larry Williams will conduct the basketball sessions, with golf coach Ray Poole to instruct in golf and coach June Horvath in charge of tennis.

All activities will be closely supervised by members of the Ole Miss coaching staff, who will stay in the dormitory with the campers.

Youngsters from age 10 thru rising high school seniors are eligible. The camps are sanctioned by the Mississippi High School Activities Association and the Mississippi Private Schools Activities Association.

Applicants should write for further information to the Department of Intercollegiate Athletics, University of Mississippi, University, Miss., 39077.

RESIDENTS OF HANCOCK COUNTY

Here Are The REAL Facts About The County Building Code And Flood Insurance!

(Not The Opinion Of Four Supervisors And Their Attorney)

Recent ads in the paper have presented the so-called "facts" about the need for a Building Code for Hancock County, in order for residents to keep flood and other types of insurance.

The fact is the proposed Building Code has nothing at all to do with flood insurance, fire and windstorm insurance, disaster relief or home financing.

The Federal law refers only to the "flood prone" area, and makes no mention whatsoever about building

codes. In the case of Hancock County, those in the "flood prone" areas are required to build 12.5 feet above sea level and acquire a Building Permit.

The Board of Supervisors was asked to adopt the Flood Protection Ordinance with regulations established by the Federal Insurance Administration, a Department of HUD. Had this Ordinance been presented and passed as proposed by the Government, Hancock County residents would have Flood Insurance available to them.

Let's Correct The "Facts" Printed Last Week!

Title 24—HOUSING AND HOUSING CREDIT

Chapter VII—Federal Insurance Administration, Department of Housing and Urban Development
(Docket No. H-71-100, H-71-110)
NATIONAL FLOOD INSURANCE PROGRAM

(c) When the Administrator has identified the flood plain area having special flood hazards, and has provided water surface elevations for the 100-year flood, but has not provided data sufficient to identify the floodway or coastal high hazard area, the minimum land use and control measures adopted by the community for the flood plain must—

- (1) Meet the requirements of paragraph (b) of this section;
- (2) Require new construction or substantial improvements of residential structures within the area of special flood hazards to have the lowest floor (including basement) elevated to or above the level of the 100-year flood;
- (3) Require new construction or substantial improvements of non-residential structures within the area of special flood hazards to have the lowest floor (including basement) elevated to or above the level of the 100-year flood or, together with attendant utility and sanitary facilities;
- (4) Provide that within the flood plain area having special flood hazards, the laws and ordinances concerning land use and control and other measures designed to reduce flood losses shall take precedence over any conflicting laws, ordinances, or codes;
- (5) Require building permits for all proposed construction or other improvements in the flood plain area having special flood hazards;
- (6) Review building permit applications for major repairs within the flood plain area having special flood hazards to determine that the proposed repair: (i) uses construction materials and utility equipment that are resistant to flood damage, and (ii) uses construction methods and practices that will minimize flood damage;
- (7) Review building permit applications for new construction or substantial improvements within the flood plain area having special flood hazards to assure that the proposed construction (including prefabricated and mobile homes) (i) is protected against flood damage, (ii) is designed (or modified) and anchored to prevent flotation, collapse or lateral movement of the structure, (iii) uses construction materials and utility equipment that are resistant to flood damage, and (iv) uses construction methods and practices that will minimize flood damage;

Title 24 is the Federal Law
pertaining to Flood Insurance.

The Law requires permits only

in Flood Prone areas, as designated by the FIA Administrator

Is It Going To Cost You A Lot Of Money?

NO Who Knows?

Somebody has to pay for the cost of the enforcement of a Building Code. If the Permit Fees are not enough to pay

for the Building Inspectors, the money has to come from the taxpayers in the form of increased millage.

Why Wasn't The Code Passed For Just The Flood Prone Areas Of The County?

This is a good question. The Federal Law concerning the Flood Insurance program (portions of which are printed at the side) pertains only to the flood

prone areas. No place in the law is a Building Code required throughout the County.

Paid For By Jerry Ladner, Beat 1 Supervisor,
Hancock County, Mississippi

Can You Lose Your Flood Insurance If The Building Code Is Voted Down?

YES NO!

If the Board of Supervisors adopts an Ordinance known as the "Flood Protection Ordinance" with regulations established by the Federal Insurance Administration, a Department of Housing and Urban Development, for special flood hazard areas of the County.

The Federal Insurance Administration letter, referred to in the ad last week, makes no mention of a Building Code for Hancock County. The letter referred the Board of Supervisors to the Federal Law which requires certain building restrictions in flood prone areas ONLY. In Hancock County the restrictions are all covered in the Flood Protection Ordinance which four of the Board of Supervisors refused to accept.

As you know, all lending institutions (VA, FHA, Savings & Loans) have their own requirements for building. These regulations would obviously include restrictions in flood prone areas before they would consider a loan.

As far as disaster relief is concerned, if everyone in the flood prone area had flood insurance, you could have no disaster which would require individual Federal assistance because all losses would be covered by insurance, and no Federal assistance would be needed.

Now, the Port & Harbor, and their complaint. (Since when are those four Supervisors concerned about jobs?) The Port & Harbor has its own Building Code for industry.

Do You Need A Building Permit Under The Code For Farms And Farm Buildings?

NO YES

The Building Code applies to all buildings .. farm or otherwise .. that have either electric or gas connections.

Do You Need A Building Permit On Existing Structures (Homes) ?

According to the Building Code you must have a permit for ANY construction or renovation. If the job is less than 50 percent of the value of the structure or less than \$5000 an inspection will not be necessary .. but you must have a permit. The permit also allows the Tax Assessor to adjust your future taxes according to repairs done.

Can You Do Your Own Work?

YES NO

The Southern Standard Building Code requires that all work must be done by licensed people. Unless you are a licensed carpenter, plumber, electrician, mason, or contractor, according to the code you cannot do your own work.
